

Christmas angles in leather

The products you need:

- Thin leather (any type)
- Leather lace
- Scissors
- Contact glue
- Rotary punch tool
- Pencil
- Wooden beads (can be bought in craft stores)
- Cardboard for template

Step 1

Cut out a template in cardboard. Place the template onto the leather and outline it on the back of the leather. Cut along the outline. Make two pieces and glue them together.

Step 2

Punch a small hole using the rotary punch tool and tie on the wooden bead to the leather lace to attach the head to the body of the angle.
