# Keyhanger in leather

The products you need:

- Strap of leather – can be cut by our staff
- Awl
- Ruler
- Rotary knife
- Cork
- Cutting board
- Keyring
- Metal plate for keyring
- Small screwdriver or knife

Step 1 Cut the leather strap into the desired length. You can put it over your neck to see how long it needs to be.	
Step 2 Screw off the small screw.	
Step 3 Mark where the hole needs to go.	
Step 4 Puncture a hole through both ends of the leather strap by your marking using an awl.	
Step 5 Screw the small screw back on to fasten to metal plate to the leather strap.
